

IMS GENERAL SONG LIST

This list, pulled from Sam's iPad app that he uses to organize his sheet music, isn't a totally exhaustive representation of our repertoire but it does provide an overview of the kind of music that we practice and perform. While we regularly perform most of these songs, we have arranged some for specific projects (for instance, many of the jazz tunes are best performed by our jazz ensemble and the majority of the opus-referenced pieces that are listed are specifically for solo classical guitar, etc.), some selections we perform singing but haven't arranged instrumentally and some are works-in-progress or are simply for study. Therefore, these aren't guaranteed to be available for every event (but it never hurts to ask!). Hopefully, however, you can get a better idea whether or not the music that we like to work on resonates with your taste! Please visit each particular project page to view their respective song-lists.
